|   |  <p>The screenshot shows a mobile application interface for a payment confirmation. At the top, the status bar displays the time as 14.07 and various connectivity icons. Below the status bar is a dark blue header with the text "Konfirmasi Pembayaran" and a back arrow icon. The main content area has a light gray background. On the left, there is a section titled "Rekening Sumber" (Source Account) showing a blue credit card icon, the account name "CCB Indonesia Saving", and a placeholder "..... Utama". To the right of this is a "Ubah" (Change) button. In the center, a large red circular button contains two white vertical bars, likely representing a pin entry field. Below this button, the text "Invalid Pin (49)" is displayed in a white font. At the bottom of the central dialog is a large blue "OK" button. The background of the app shows a "Detail Transaksi" (Transaction Details) section with several fields, some of which are partially visible or blurred. At the very bottom of the screen, there is a black navigation bar with three white icons: a menu icon (three horizontal lines), a home icon (circle), and a back/refresh icon (arrow pointing left).</p> |         |        |
